To whom it may concern:

According to Israeli regulations, the definition of a gluten-free food products is as follows:

- The product is made using strict Good Manufacturing Practices (GMPs), procedures aimed at producing food in a safe and sanitary manner.
- Good Manufacturing Practices are used to prevent contamination or cross-contamination in the processing line
- The product is tested and shows a result of less than 20 parts per million (ppm) gluten

Based on these regulations, we can confirm the Juice Plus+ capsules are gluten free.

A handwritten signature in black ink, appearing to read 'C. Madero', with a long horizontal stroke extending to the right.
